

# 14<sup>th</sup> Annual Update Conference on Clinical Neurology & Neurophysiology

Monday, February 19, 2018 ♦ Sheraton Hotel, Tel Aviv, Israel

www.neurophysiology-conference.com

## SCIENTIFIC PROGRAM

HALL A	HALL B
<b>STROKE AND NEUROVASCULAR DISEASE</b> Coordinator: David Orion	<b>INFECTIOUS DISEASES</b> Coordinator: Israel Steiner
<b>08:30 Registration, exhibition &amp; refreshments</b>	<b>08:30 Registration, exhibition &amp; refreshments</b>
<b>09:00 Greetings and introduction</b> <i>David Orion, Israel</i>	<b>09:00 Tick-borne encephalitis</b> <i>Pille Taba, Estonia</i>
<b>09:10 The mystery of subcortical stroke</b> <i>Hen Hallevi, Israel</i>	<b>09:45 Update on PML</b> <i>Al Aksamit, USA</i>
<b>09:35 Prehospital telemedicine for acute stroke (telestroke)</b> <i>Steven R. Levine, USA</i>	
<b>10:00 CT &amp; CTA predictors for recanalization in endovascular stroke procedure</b> <i>Anat Horev, Israel</i>	
<i>Moderators: Steven R. Levine, Natan Bornstein, Shady Jahshan</i>	
<b>10:30 Coffee break + exhibition</b>	<b>10:30 Coffee break + exhibition</b>
<b>11:00 Stroke and antiphospholipid antibodies: Where are we now?</b> <i>Steven R. Levine, USA</i>	<b>11:00 Toll like receptors and neurological diseases</b> <i>Felix Benninger, Israel</i>
<b>11:25 Intracerebral hemorrhage update</b> <i>Eitan Uriel, Israel</i>	<b>11:35 Herpes simplex encephalitis update</b> <i>Israel Steiner, Israel</i>
<b>11:50 Carotid artery stenosis – what's new?</b> <i>Shady Jahshan, Israel</i>	<b>12:10 NeuroAIDS</b> <i>Itzhak Levy, Israel</i>
<b>12:15 Predicting cardiovascular events by means of advanced carotid plaque ultrasonography</b> <i>Salo Haratz, Israel</i>	<b>12:45 Neurological infection in travelers</b> <i>Eyal Meltzer, Israel</i>
<b>12:40 Evolution of endovascular approaches for the management of major ischemic stroke: Technique and patient selection</b> <i>José Cohen, Israel</i>	
<b>13:15 Lunch + exhibition</b>	<b>13:15 Lunch + exhibition</b>
<b>14:15 Neuro ICU</b> <i>Roni Eichel, Israel</i>	<b>14:15 Chronic neuroborreliosis</b> <i>Pille Taba, Estonia</i>
<b>14:35 ESUS – Embolic Stroke of Undetermined Source</b> <i>David Orion, Israel</i>	<b>15:00 Update on Zika virus infection</b> <i>Al Aksamit, USA</i>
<b>15:00 Expanding the boundaries of endovascular thrombectomy: Who and when</b> <i>Ronen Leker, Israel</i>	
<b>15:20 Stroke in the oncologic patient</b> <i>Alisa Taliansky, Israel</i>	
<b>15:45 Coffee break + exhibition</b>	<b>15:45 Coffee break + exhibition</b>
<b>16:00 Endovascular treatment of AIS: From DAWN to dusk – Webinar</b> <i>Raul Nogueira, USA</i>	<b>16:00 Interactive session: Cases in neuroinfections</b> <i>Israel Steiner &amp; Felix Benninger, Israel</i>

\* Subject to change

# 14<sup>th</sup> Annual Update Conference on Clinical Neurology & Neurophysiology

Tuesday, February 20, 2018 ♦ Sheraton Hotel, Tel Aviv, Israel

www.neurophysiology-conference.com

## SCIENTIFIC PROGRAM

HALL A	HALL B
<b>EPILEPSY</b> Coordinator: Ilan Blatt	<b>NEUROSONOLOGY WORKSHOP</b> Coordinators: Salo Haratz and Amir Dori
<b>08:30 Registration, exhibition &amp; refreshments</b>	<b>08:30 Registration, exhibition &amp; refreshments</b>
<b>09:00 Update on laser thermal ablation and RNS (responsive neurostimulation)</b> <i>Michael R. Sperling, USA</i>	<b>09:00 Basic: Cervical duplex sonography</b> <i>Salo Haratz, Israel</i>
<b>09:40 Subtypes of genetic generalized epilepsy and their prognosis</b> <i>Martin Holtkamp, Germany</i>	<b>09:30 Basic: Transcranial color-coded duplex sonography</b> <i>Stephan J. Schreiber, Germany</i>
<b>10:20 Advanced methods of pre-surgical evaluation for epilepsy surgery</b> <i>Firas Fahoum, Israel</i>	<b>10:00 Carotid artery stenosis, occlusion, dissection, plaque and vertebral disease</b> <i>Salo Haratz, Israel</i>
	<b>10:30 Transcranial: Intracranial Stenosis – major findings, collaterals</b> <i>José M. Valdueza, Germany</i>
<b>11:00 Coffee break + exhibition</b>	<b>11:00 Coffee break + exhibition</b>
<b>11:20 Stratified medicine in epilepsy: Integrating genetics and population data into treatment decisions</b> <i>Sara Eyal, Israel</i>	<b>11:30 Ultrasound of nerves – technical aspects, entrapment, inflammatory and hereditary neuropathies</b> <i>Stephan J. Schreiber, Germany</i>
<b>12:00 Mortality in epilepsy: Review and new data</b> <i>Shmuel Appel, Claudia Granbichler, Israel</i>	<b>12:00 Ultrasound of muscle – technical aspects, myopathy and muscle denervation</b> <i>Amir Dori, Israel</i>
<b>12:40 Lunch + exhibition</b>	<b>12:40 Lunch + exhibition</b>
<b>13:30 Anti-epileptic treatment: When to start? When to stop?</b> <i>Ilan Blatt, Israel</i>	<b>13:30 Hands-on workshops</b> <b>Station A: Cervical duplex</b> <i>Salo Haratz, Israel</i>
<b>14:10 Cannabis for epilepsy: State of the art</b> <i>Bruria Ben-Zeev, Israel</i>	<b>Station B: Trans-cranial color-coded duplex sonography</b> <i>José M. Valdueza, Germany</i>
	<b>Station C: Nerve sonography</b> <i>Stephan Schreiber, Germany</i>
	<b>Station D: Muscle sonography</b> <i>Amir Dori, Israel</i>
<b>14:50 Coffee break + exhibition</b>	<b>14:50 Coffee break + exhibition</b>
<b>15:10 Stress as a trigger for seizures and epilepsy</b> <i>Nicola Maggio, Israel</i>	<b>15:10 Hands-on workshops (continued)</b>
<b>15:50 Discussion of challenging medical and surgical epilepsy cases</b> <i>Michael Sperling, USA; Martin Holtkamp, Germany; Miri Neufeld, Israel; Ilan Blatt, Israel</i>	
<b>17:00 End of session</b>
